3/ PASSING THE E-LEARNING COURSE

Upon entering the course, you will find the training content divided into individual modules. After studying the modules, you have the opportunity to verify your knowledge through a test. After completing the required activities of the e-learning course, the system will automatically generate an electronic Certificate of Completion for you.

The results of the pilot testing and the feedback from the participants will help the partnership to identify the weaknesses of the training content and the Virtual Learning Environment and subsequently modify, improve and adapt the developed content and training tools to the specific needs of the target groups.
